In order to accomplish these goals and guarantee compliance with the specific requirements of the Corporate Governance Code relating to accountability, equity (the fair treatment of shareholders), transparency and disclosure, and responsibility, the Company maintains a corporate governance policy in addition to a number of other related policies and practices that serve as the fundamental skeleton of our corporate governance system. These policies and practices form the backbone of our overall corporate governance structure. Below is a brief summary of some of the key policies that we have implemented and under which we operate.

In addition, any level or payment of dividends will depend on, among other things, future profits and the business plan of the Company, at the discretion of the Board of Directors and approval of the Shareholders.

RELATIONSHIP AGREEMENT WITH ADNOC

In 2017, we entered into a Relationship Agreement with ADNOC by which ADNOC agreed, for so long as our shares are listed on the ADX and ADNOC owns or controls more than 50% of the shares, among other things:

- (a) not to take certain actions that might interfere with our status as an independent company, including: (i) ADNOC will not take any action that would interfere with our ability to comply with our obligations under certain ADX and SCA listing and governance rules, and (ii) ADNOC will conduct all transactions with us on arm’s length terms and on a commercial basis and will allow us to carry out our business independently;
- (b) not to engage in a competing gasoline filling station business or retail convenience store business in the UAE; and

(c) not to terminate, and to renew at our request, certain supply and other agreements we have entered into with ADNOC, in each case, so long as we are not in material default of our obligations under those agreements.

Pursuant to the Relationship Agreement, we have also agreed to enter into transactions with ADNOC and other members of the ADNOC group only with the approval of a majority of our directors, including a majority of our independent non-executive directors (other than transactions that, in accordance with our Delegation of Authority, do not require approval of the Board of Directors). Any enforcement of the provisions of the Relationship Agreement against ADNOC requires approval by our Board of Directors, which is effectively controlled by ADNOC.

REFINED PRODUCTS
SUPPLY AGREEMENT

We entered into a Refined Products Supply Agreement with ADNOC, effective 1 October 2017, pursuant to which we agreed to purchase from ADNOC, and ADNOC agreed to sell to us, refined liquid hydrocarbons, comprising unleaded gasoline (91, 95 and 98 grades), gas oil (diesel), illuminating kerosene, and aviation fuels. The term of the Refined Products Supply Agreement expired on 31 December 2022, and was replaced by a new Refined Product Supply Agreement effective 1st January 2023 for a term of five years, expiring on 31st December 2027. At the end of this term, the Agreement will be renewed automatically for subsequent five-year terms unless either party notifies the other of its intention not to renew at least 12 months in advance.

Pursuant to the Refined Products Supply Agreement, the prices we pay for gasoline and gas oil will equal the Platt's benchmarks utilized by the Retail Price Committee chaired by the UAE Ministry of Energy to set retail pump prices adjusted for product grade & type differential.

In addition, ADNOC must make a payment to us to the extent that, for any contract quarter, the actual per-liter

gross margin we earn on retail sales of gasoline and diesel (calculated by reference to actual retail fuel sales revenue less the price we pay for such fuel under the Refined Products Supply Agreement) is less than certain specified minimum levels. Any fils-per-liter shortfall against such minimum margin levels is payable to us by ADNOC in respect of all retail fuel quantities we have sold of the affected grade during the relevant period. For other refined products, including illuminating kerosene and aviation fuels, the prices we pay will equal the applicable international benchmark plus/minus supplier adjustments.

In addition, the AssetCo O&M Agreement grants us the right to use these assets in connection with our fuel distribution operations. For providing services under the AssetCo O&M Agreement, AssetCo has agreed to compensate us in an amount equal to our incurred operating expenses incurred in connection therewith (including any related taxes or other charges) plus 8% of such amount, and to reimburse us for the amount of any required capital expenditures. Amounts due to us by AssetCo are offset by amounts we owe AssetCo for utilization of the assets transferred to AssetCo.
