

Inspection for vehicle registration renewal

Cars that are more than three years old from the moment they have been bought from dealers or the year of manufacture needs to be inspected at our Salama centres in order to obtain car new registration card.

Inspect your car

1. Bring the car to our Salama centre and go in the queue for fee payment then vehicle inspection (at Abu Dhabi Murour only park your car first and go to cashier counter inside Salama building to pay inspection fees and collect the ticket)
2. Cost of inspection is AED 120
3. Wait inside the car, in the queue, until your turn comes
4. Once your turn arrives, hand over the car to the technician and give him the ticket – he will give you back a part of it for your reference.
5. Go inside Salama and wait in the lounge while keeping an eye on your car's inspection.
6. Once the inspection completed go and collect the car and park it.
7. Go back inside Salama to the result counter and wait for the inspection certificate.

If your car has passed the inspection, please proceed to the Police counter or a 'Registration Machine' to issue your new registration card.

Notes:

- If new registration or to get vehicle number plate, you need to complete the process on the Police counter only.
- Insurance for your vehicle is required to complete the process ([click here](#) to see which Salama centres have insurance companies on-site).
- The vehicle's inspection result and the insurance will be sent to the online Police system
- Validity of the first test result is 30 days from the date of the first test.

If your car has failed the inspection, you will have 30 days to fix the car as per the inspector's feedback and bring it back for a re-test of 'Parts Failed Only'. Please note:

- within these 30 days you can re-test the car three times (if needed); the first re-test will cost you AED 50, which needs to be paid at the counter when bring your car back at Salama for re-inspection
- If needed, within the same 30 days, the 3rd and 4th re-tests will be free
- If your car fails the test more than 4 times (main test + three re-tests), or if the period of 30 days has expired, you will need to repeat the procedure to have 'Full car test from the beginning' and pay again the AED 120.

Please note:

- Private cars that are less than three years old from the moment they have been bought from dealers or the year of manufacture, don't need vehicle inspection in order to obtain your new registration card. In this case you'll need to get your car insured and renew only.

Insurance:

You may choose to pay for your car's insurance only after the vehicle inspection is completed. The reason is that in certain cases, and especially if your vehicle does not pass the test, there might be major changes

that affect the insurance, and then you'll need to go back to your insurance provider and enter them in the system [Click here](#) for a list of Salama centres that have car insurance offices on site.
